STEVEN KUNZEL

(973) 229-1268 New York, NY kunzelsteven@gmail.com   **PORTFOLIO**   **GITHUB**   **LINKEDIN**

SKILLS

Ruby, JavaScript, Python, React, Redux, Rails, MongoDB, Express.js, Node.js, PostgreSQL, jQuery, SQL, SQLite3, Git, HTML, CSS, RSpec, OOP, AWS, Webpack, Heroku, Data Structures and Algorithms

PROJECTS

BANDCABIN (React, Rails, Javascript, Ruby)   live | github
A Fullstack clone of bandcamp, providing musicians and bands with services to display and sell their music.
- Established custom user authentication using bcrypt and hashing to allow a persistent login across sessions via cookies.
- Utilized click events to allow for high quality music playing in app, and AWS S3 to store albums.
- Incorporated AWS S3 for user and band image uploading allowing for a customized experience via cloud storage.

WHERE TO FEAST (MongoDB, Express.js, React, Node.js)   live | github
A group p app to help you and friends find out Where to Feast.
- Performed the role of Team Lead and flex developer, working on all aspects of the project, reporting to project managers.
- Handled git workflow for the group, ensuring requests were reviewed before pushed, organizing group pulls.
- Incorporated websockets for live connections and chat, allowing for immediate user interaction.
- Integrated google maps API to display local results upon the random choice selection.

SPACE TURTLE: ORIGINS (JavaScript, HTML, CSS)   live | github
A deck building roguelite card game based on Slay The Spire.
- Created functions to shuffle the deck, discards, and the ability to add new cards to your deck.
- Designed custom card artwork via adobe illustrator and photoshop for a unique look.

EXPERIENCE

Operations - IT - Helpdesk
The Shubert Organization / Telecharge   May 2015 - November 2019
- Planned and implemented external website programs such as Usabilla for website feedback and IBM tealeaf client tracking.
- Monitored and maintained system duplexes, performing backups closedowns and restores.
- Created and resolved over 50 support tickets weekly for technical assistance on a wide range of issues.

Account Executive - Assistant Manager
Verizon / 2020 / Gotham Outsourcing   July 2012 - May 2015
- Consistently exceeded sales numbers, averaging 13 weekly no cancel installs amongst various markets.
- Led the Staten Island team, doubling staff and individual sales resulting in an all-time high for the market.
- Launched successful markets in Albany NY, Boston MA, and Trenton NJ reporting successes to Verizon district management.
